With over 2,700 vendors, 100s of product categories, and hundreds of thousands of products, ASD presents you with a unique opportunity to supply your Amazon store with a steady stream of fast-turning, profitable products.

But... if you're going to do more than just wander the show room floor, you need to approach ASD with a strategy that will enable you to truly profit from the possibilities available to you at this massive event.

That's why we've created the *ASD Trade Show Sourcing Formula for Amazon Sellers*.

As our way of saying thanks for your interest in our *Trade Show Sourcing Workshop for Amazon Sellers*, we've created this 3 part formula to provide you the basics on how to approach the ASD Trade Show successfully.

With this formula, you'll receive essential training that covers:

- **Preparation for Your ASD Buying Trip...** Why you absolutely must do some pre-ASD prepping in order to make your trip worthwhile (includes three vital questions you should be able to answer before stepping foot on the ASD show room floor).
- **What to Ask Vendors While at ASD...** It's critical to know how to speak with suppliers and get “insider information” before you buy. Without knowing how to communicate with suppliers, every purchase becomes a gamble.
- **How to Evaluate Products for Success with Amazon...** The products that sell best on Amazon are found by thorough research. We'll reveal our 5-point product evaluation process to help you know how to find the winners... and avoid the losers.
